

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

How in the world can we promote our form of government around the world when we allow these kinds of shenanigans to take place? The world is watching us and this will not bode well for us. Please do not allow this kind of documentary to air for or against any candidate. Politics is nauseating enough without the media blatantly getting involved.

Our forefathers must be rolling over in their graves!!!
